**DOCKET NO. 2013-55-C**

Docket Summary: South Carolina Telephone Coalition Petition to Modify Alternative Regulation Plans Filed Pursuant to S.C. Code Ann. § 58-9-576(B) to Take Into Account Recent Action by the Federal Communications Commission

The South Carolina Telephone Coalition ("SCTC") has filed with the Public Service Commission of South Carolina ("Commission") a Petition, pursuant to S.C. Code Ann. Section 58-9-280(H), seeking to have the Commission establish new price caps for basic local residential service provided under alternative regulation plans filed by SCTC member companies. The existing plans cap basic local residential and single-line business service at the statewide average rates for such service. SCTC's petition asks that the Commission establish new price caps for basic local residential service at the applicable nationwide average rates for such service. SCTC's Petition states that the issuance by the Federal Communications Commission ("FCC") of its *USF-ICC Transformation Order* (FCC 11-161) constitutes a change of circumstances, providing the Commission with the statutory authority under S.C. Code Ann. § 58-9-280(H) to establish new price caps. SCTC further states that such action is necessary and in the public interest, because it will allow SCTC member companies the flexibility to meet rate floors established by the FCC in order to continue receiving federal universal service funding for which they are eligible, which will ensure the continued provision of basic local service at affordable rates to South Carolina citizens.
